*"For the program entitled **Instructor**, I have been informed for the students who graduated, the job placement rate is 100%, or in the past 12 months 1 was placed in the field of study out of 1 students who graduated from this program."*

Compensation/Job outlook: According to U.S. Bureau of Labor Statistics, August 2015, for a salon cosmetologist median pay was \$ 19,220.00 per year. For a professional Aesthetician it was \$26,640.00 per year. The employment outlook depends on a wide variety of factors including trends and events affecting overall employment, location, employment turnover, occupational growth, etc. Booth rental in the salon or day spa, basic salary and basic salary plus commission, working in a doctor's office and working from home are all choices of employment. Some salons also pay bonus for each year depending on sales volume. Continued growth in the number of full-service day

spas will generate numerous job opportunities. A good professional will be an active listener and be able to identify any problems and/or opportunities for improvements.

Physical demands of the Profession: You will typically work in clean, pleasant surroundings with good lighting and ventilation. Longer hours are common in these occupations, especially among self-employed workers. Schedules may include evenings, weekends, and holidays, keeping in mind there are some of the beauty salons and spas busiest times of the year. The beauty industry requires you to have good arm-hand steadiness and to be on your feet many hours of the day.

Safety Requirements of the Profession: Certain safety requirements must be followed when working with the public. Inflamed, infected, broken or swollen skin should not be worked on. Infectious diseases must be kept out of the salon. Gloves, protective eyewear, and protective clothing should be worn when chemicals are being worked with.

Licensing Requirements: All students at Austin's must be at least 16 years of age and have a High School, or have a High School or GED High School Equivalent (with the exception of an instructor trainee). An instructor Trainee must be 18 years of age and have a high school diploma or GED High School Equivalent and have a valid Tennessee Cosmetologist License and 3 years in the field. You must submit to the board that you have received training in a approved school for hours required (cosmetology 1500, Aesthetician 750, instructor 300). After posting the required testing fees you will then be scheduled a test date to begin your boards. Boards are given in Nashville, Knoxville, and Memphis, Tn... There is reciprocity with other states but you will need to investigate the specific state requirements if you wish to practice elsewhere.
